ABOUT ME

After my bachelor's degree, I went to Dublin in April 2018 and studied English for '7' months. I have Upper Intermediate and IELTS Academic 6.0 certificates from EC Dublin language school. I have started my Masters degree at Suleyman Demirel University in Mechanical Engineering with thesis. In my thesis I have worked on waste heat, heat storage system and heat recovery. Since July 2022, I have been studying front-end web development by myself. I took help from Leon Noel, freeCodeCamp, Codecademy, etc. I did some projects as a freelancer and now working on a project. I am open to work as an Automotive Engineer, Mechanical Engineer and Front-End Web Developer. I am willing to relocate and learn the job requirements. I am seeking new job opportunities. In addition, I have Public Services Card and PPS number in Ireland until 2025. If you want more details, feel free to reach out to me.
